

Ultimate Yamaha 4-stroke!

At Yamaha we're famous for creating some of the most exciting scooters and motorcycles ever seen. And the sporty Aerox 4 has been built using the same no-compromise attitude as our legendary R-series Supersport bikes.

The radically styled bodywork gives you serious street presence - and its spacious layout lets you choose your own riding position. You're going to experience thrilling handling and confident cornering from the lightweight chassis and quality suspension. And when you need to make a quick getaway, the punchy 50 cc, EU4-compliant, 4-stroke engine responds instantly to your commands.

Aerox 4. Ride the ultimate Yamaha 4-stroke!

Liquid-cooled, 50 cc, 4-stroke, EU4-compliant engine

R-series derived supersport-style bodywork

Tubular frame for sports handling performance

Powerful 190 mm front and rear disc brakes

Lightweight 5-spoke cast aluminium wheels

Underseat storage space for one full-face helmet

Aerodynamic supersport-style bodywork

Yamaha is one of the world's leading manufacturers of high-performance motorcycles - and the Aerox 4's race-style bodywork has been inspired by our awesome YZF-R1. Featuring an aerodynamic front fairing as well as an upswept tail and R1-style tail light, the Aerox 4 is one of the most dynamic looking 50 cc scooters on the street.

Lightweight wheels with 190 mm disc brakes

This sports scooter runs with a high specification throughout, including lightweight 5-spoke cast aluminium wheels that don't just look good - their low weight also allows the suspension to work effectively. Wide tyres give plenty of cornering grip - and the large diameter 190 mm front and rear discs give strong braking performance.

Sporty and exciting as well as economical and practical!

OK, so you want to experience the sporty and exciting character of Yamaha's ultimate 4-stroke. But that doesn't mean that you have to miss out on practical features. Under the seat there's a storage compartment for a full-face helmet - and the 6-litre fuel tank gives you many hours of riding time between refills.

Sporty handling with precise cornering

When you're looking for sharp handling and precise cornering,

Punchy 50 cc, EU4-compliant, 4-stroke engine

The Aerox 4's punchy 50 cc, liquid-cooled, 4-stroke engine

High overall specification

If you're looking for the ultimate 4-stroke package, then the agile Aerox 4 really is in

the Aerox 4 is the way to go! Its compact chassis features a lightweight tubular frame that gives you the rigidity and strength needed for sports performance. And with its 13-inch wheels and hydraulic-telescopic front forks, the Aerox 4 is built for agile cornering.

gives you strong acceleration and a thrilling ride wherever you go! Just twist the throttle and you're away. As well as being fully EU4-compliant, the low-emission Aerox 4 engine is also extremely economical, giving you plenty of riding time between fuel stops.

a class of its own. Everything about this high-specification sports 50cc scooter has been built to offer thrilling performance and supersport style. Whether you're riding to college or heading down to the beach, this has got to be the coolest way to arrive.
