

# ***JOBE WATERSPORTS***

## **PRODUCT GUIDE 2024**

# GETS YOU ON THE WATER

Jobe is for everyone. We are a community, a global movement, a family of real people, who are discovering the beauty of watersports.

We create unforgettable **#jobemoments** for everyone since 1974.

No matter who you are, no matter your age or size, no matter your background. When you want to get on the water, you will fit in our family. We develop our products with the greatest care and highest quality materials, every day again and again.

This is what **'gets you on the water'** means to us.

**Join our family and share in our love for watersports.**

# THE FINISHING TOUCH

Our 2024 collection has challenged us at Jobe Sports to think about a new way of designing our products. Throughout the years, you've seen our range evolve becoming better looking, designed with a thought behind its user experience and unique shapes which can only be found at Jobe.

From our **'Form Follows Funtion'** philosophy, which made that design and user experience go hand in hand. To our **'Automotive Design'**, where we draw inspiration from luxurious car brands to create a sleeker and more high-end product. 2024 Gives birth to what we call: **'THE FINISHING TOUCH'**

## SO WHAT DOES **THE FINISHING TOUCH** MEAN?

In the past years, our collection has been designed, tested, examined, re-designed and put to the test again and again, to create the best possible product for you. The result is a range like no other, which is build to last and made for endless hours spent in the summer sun and on the water. That being said, 2024 gave room to elevate our collection putting the finishing touches on our products and create something with an intricate attention to detail, creating a collection which take the industry standards and goes above and beyond!

**IT'S OUR 2024 RANGE WHICH GETS YOU ON THE WATER!**

## YOUR BEST MOMENTS

CAPTURE YOUR MOMENTS, SHARE THEM WITH HASHTAG #JOBEMOMENTS AND HAVE A SHOT ON GETTING FEATURED ON OUR SOCIALS. SPREAD THE WORD AND GET MORE PEOPLE ON THE WATER!

# MIX & MATCH

Jobe is the brand which does it all! From wakeboards to waterskis and from wetsuits to vests, we cater to all needs. This is what makes it possible to offer a matching vest with every hardgood we offer. Or when you're looking for that perfect wetsuit which matches with a towable, you can count on Jobe to offer something that matches. This is what Mix 'n Match is all about: offering a great look, no matter what type of watersport you're into!

# ***TOWABLES***

# DISCOVER WHY THE WORLD LOVES JOBE TOWABLES

Experts say it's the combination of our high production standards and the use of high quality materials. We say it is because our towables are thoroughly tested and undergo multiple quality checks. Therefore we can guarantee the quality of our products with a 3 year warranty on every towable! Make sure you register your towable within 14 days after purchase online at [www.jobesports.com/happycustomers](http://www.jobesports.com/happycustomers)

## EXTRA SAFETY

Jobe towable tubes have extra durability and are extra safe because they consist of multiple air chambers. The combination with the Boston valve, which ensures air can only enter but not escape through the valve, makes Jobe towables a watersporter's favorite.

## KEY FEATURES

- **BIGGER SIZES** For stability on the water
- **BOSTON VALVE** Designed to resist high pressure
- **DOUBLE-STITCHED NYLON** for extra durability.
- **COMFORTABLE HANDLES** with neoprene knuckle guards.
- **QUICK ROPE CONNECTOR.**
- **NEOPRENE DECK PADS** for comfort and prevention of damage on the skin.
- **3 YEAR WARRANTY** after registration within 14 days after purchase on [www.jobesports.com/happycustomers](http://www.jobesports.com/happycustomers)

# TOWABLE EXCELLENCE

Jobe has been making the best inflatable products since 1974, and no matter where you are in the world, there's a big chance you've seen a towable of ours somewhere along the coastline. With our knowledge and experience, we have been making summers awesome since the day we started and continue to do so!

## EXCEPTIONAL SHAPES

A deck is just a deck right? Wrong! A Jobe deck is something different, something which makes us stand out. Instead of using industry standard mold which is used by everyone, we made our own to make something which just hits different and makes the most out of the original shape. So shapes like our Scout, Swath, Aistream and many others have been tweaked to perfection! With edgy lines, unique shapes and great design, you have something which will have all the heads turning when you're towing!

## CONVENIENT SPACE

A little known fact about Jobe towables: our towable range has more surface area! This choice was made to make sure that, no matter the number of people, everyone has enough room on a towable. Because people don't like to be jammed together, so we created more surface area for more space on a towable. This might not sounds like a lot but trust us when we say that this makes all the difference for a fun ride!

## ALWAYS LOOKING TO INNOVATE

"There's only so much you can innovate with a towable" a stigma which we like to challenge! Some would say a donut shape is just that and leave it be. But here at Jobe, we like to do things differently. If you compare towables and dive into the details, you will find that we have innovations hidden within our range which make for a better experience. From comfortable 'softtop' towables to state-of-the-art drainage systems, there are innovations which you can find in our towables which will blow your mind.

DRAINAGE SYSTEM

# FIND THE PERFECT TOWABLE FOR ALL YOUR WATERSPORTS NEEDS

Jobe offers the biggest towable range in the market and we've got something for everyone, from thrillseekers to those who want to chill. Check out our overview and find the perfect towable which fits your needs.

# ***STAND UP PADDLING***

# WE EXPLORE THE WORLD

Jobe has been leading the industry with its inflatable SUP range. After all, we've been making inflatable products since 1974! But this year we've set up our range to offer something for everyone. Starting with a price-friendly Aero Series for beginners to our Premium package which caters to all needs. Looking for the best possible, our Elite Series uses the most high-end products possible.

**There's something for everyone in the Jobe SUP range.**

## AERO COLLECTION

A price-friendly collection which comes with the needed Jobe quality, but for a fraction of the price. By making this SUP thinner (4.75 inches) and adding an aluminum paddle, we created a great entry package for anyone who wants to start SUP boarding.

## PREMIUM AERO COLLECTION

Our flagships: the Premium range! A SUP range which has gained a lot of traction and has earned Jobe its great reputation. These SUP boards come with a longer deckpad, a double stringer and 6 inches thick. Plus you get a Fiberglass paddle to enhance your SUP experience.

## ELITE AERO COLLECTION

The best we've created! Our Elite Series is made with high-end materials and comes with extra features such as a carbon reinforced sidewall, sandwich construction, unique hook system and extra bags. Next to that, you get a carbon Stream paddle to get the most out of every session.

# 5 year Warranty

★ ★ ★ ★ ★

## 5 YEAR WARRANTY ON ALL NEW SUP BOARDS

Throughout the years, we've always put our money where our mouth is and backed up our inflatable products with a 3 year warranty. But since 2023, we took it one step further or even better: two! Because we added 2 years to our warranty period on inflatable SUP boards for manufacturing issues. This means that from now on, you will have a **5 year warranty** period on your new inflatable stand up paddle board.

# HOW IT'S MADE

Perfect combination: strong, stiff and lightweight stand up paddle boards

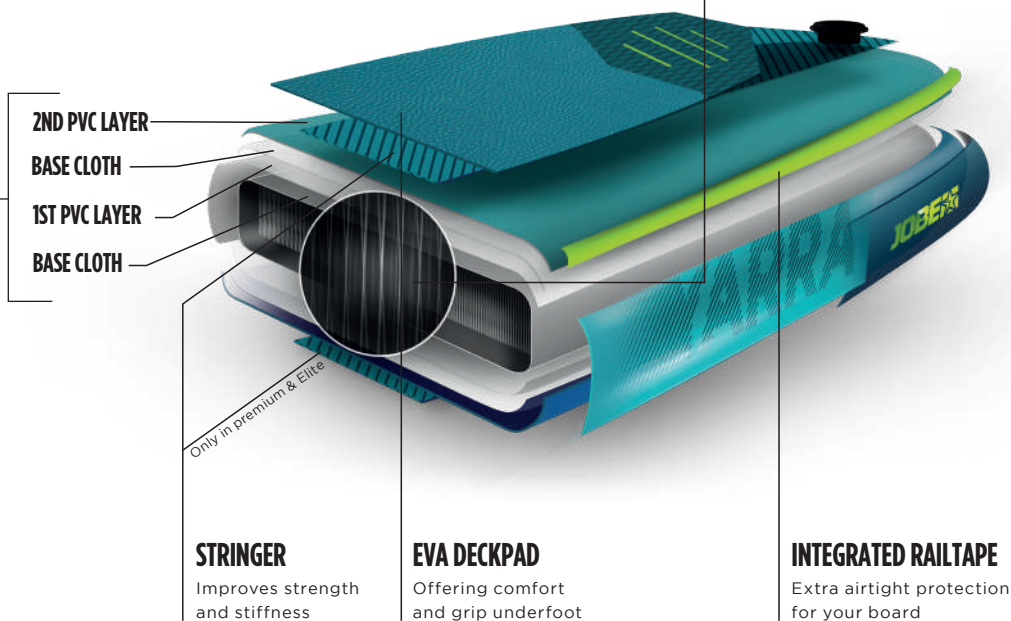

## HEAT BONDED TECHNOLOGY

Jobe Aero SUP boards are designed our unique Heat Bonded Technology which reduces 25% in weight and increases 30% in stiffness when compared to the standard Double Layer technology. The inside of our Aero range consists of of nylon threads, fused to a solid PVC-coated cloth by pre-laminated heat bonded technology. Two layers of drop stitch reinforcements protects and strengthens Jobe boards to its max. It makes an inflatable SUP 2 kilo lighter. It also makes it stiffer, stronger, extremely airtight and most importantly: super durable.

	single Layer	double Layer	HBT
<b>STRENGTH</b>			
<b>STIFFNESS</b>			
<b>LIGHTWEIGHT</b>			

## X-STITCHING

Instead of the nylon threads being individually and vertically stitched, this technology makes use of one long nylon thread which is X-stitched, between the double PVC layers. From the top part to the bottom part. The result? A top-down stronger and lighter board.

## EZ LOCK FIN

The easy lock-in fin is the finest feature in all Jobe inflatable paddle boards. The most easy and secure fin ever! Simply click the fin in your SUP and secure it by pressing down the lock. No tools needed! It's as easy as can be.

# FORM FOLLOWS FUNCTION

## DOCKING RING

With the integrated docking ring you can easily connect your SUP to anything.

## TIP & TAIL HANDLE

Integrated handles on the tip and tail, making it easier to get your SUP out of the water.

## DOUBLE STRINGERS

A stringer on the top and bottom of the board for extra stiffness and strength, this also supports the rocker of the board making sure the SUP keeps its shape.

## STORAGE CORD

Our storage cord is integrated in the design, creating more room to store your gear when you're out on the water.

## CARRY HANDLE

A comfortable neoprene padded handle to easily carry your SUP around.

## RAILTAPE

This railtape is placed over the seams of the board creating a more durable board which guarantees the best airtightness.

## EVA DECK

A large EVA deckpad gives you a comfortable surface to stand on all day long, while providing you with plenty of grip.

## EVA DECK GRIP

The back of our deckpad has diamond pattern for added grip to initiate fast turning.

## LEASH RING

Our leash ring is integrated with the deckpad, making it sturdy and creating a clean look.

## EZ LOCK FIN

The most easy to use and secure fin ever! Easily click this fin in and secure it by pressing down the lock, it's as easy as can be.

# PREMIUM QUALITY

When you buy a stand up paddle board from our Premium Aero range, you can expect something extra! The Premium range comes with extra features which are unique to this collection, making it the best of the best!

## WIDER AND LONGER DECKPAD

The Premium Aero Range comes with an extra wide deckpad, this gives you more freedom of movement on the SUP and gives you added room to take someone along for the ride. The center part is covered with soft EVA foam for a comfortable ride and the back of our deckpad has diamond pattern for added grip to initiate fast turning.

## TIP AND TAIL HANDLES

We take user-friendliness seriously and a tip and tail handle make this product that much easier to get out of the water. The tip and tail handles are smoothly integrated into the design of the SUP board. We have used a neoprene pad on the inside of the handle for a comfortable grip.

## NEW STREAM PADDLE

Our Premium SUP boards come with a lighter, stiffer and better paddle; a fiberglass paddle with 40% carbon elements. It's three-piece adjustable making it easy to carry with you or store in a (SUP)bag. Our anti twist system on the paddle puts an end to additional forces by locking your adjustable system.

## DOUBLE STRINGER

Jobe was ahead of the game with 1 stringer on the board but now we are adding another stringer on the bottom of the SUP. This makes for more stiffness and keeps a better rocker shape in the board. The double stringers are placed for extra stiffness and more control, this also supports the rocker of the board making sure the SUP keeps its shape.

# THE BEST OF THE BEST, FOR THOSE WHO WANT NOTHING LESS.

---

We have introduced the Elite Series for a select group of stand up paddlers who want nothing but the best. Jobe already offered one of the best boards in the world, and now we offer also the best packages in the world. Packed with the absolute best accessories of our range. Even some of the Elite accessories are completely new and especially designed for this range. "There's always room for improvement" does simply not apply for the Elite Series. We have gone all-in here!

# ELITE INNOVATIONS

We proudly introduce the all new Elite series to you. In this special range you will find the crème de la crème of stand up paddle boarding. This range is called into life to demand the stand up paddler who wants the best SUP experience possible.

## HOOK SYSTEM

Adapt your board to the next tour you're going to make. Attach the cargo net or a drybag to your board. Whether you need big storage or just your bottle of water, the hook system adapts easily.

## SANDWICH RAILTAPE

The Elite series comes with a sandwich railtape for less weight and more response. But we didn't stop there, we also added an additional railtape over the bottom seam. This prevents any leakage of air, giving you the most durable SUP out there.

## UPGRADED PACKAGE

A stand up paddle package of the Elite series only consists of the best products possible. We already had one of the best boards in the world, and now we offer you the best package in the world. If you want the absolute best stand up paddle experience: Go elite.

## CHANNELS

An innovative channel system which makes for a straighter line forward and gives you better traction on the water.

## CUSTOM DECKPAD

A total new EVA deckpad pattern that is exclusive to the Elite series.

## E-DUNA DRIVE

A powerful electric motor that both inflates your boards and sails you through the water. Provides up to 3 hours of running time and controllable on 3 different speed levels.

## CARBON RAIL

Provides extra stiffness, more durability and of course a high-end finish that is a lust for the eye.

## HONEYCOMB EZ LOCK FIN

The new Honeycomb Fin is one of the newest innovations in our stand up paddling range. Honeycomb fins are known for their extreme firmness and we have developed a model that can be easily attached without any tools or screws. If you're looking for the best... You have just found the best.

# INSPIRED BY NATURE, PERFECTED BY HUMAN

The new Stream paddle owes its origin to one of nature's best paddlers: Ducks! Millions of years of evolution have formed a shape that creates the best motion with as less effort as possible. We have processed that unique shape in our all new paddle: **THE STREAM**.

*Blade inspired By A Duck*

## ANATOMY BREAKDOWN

As we said, this paddle is inspired by duck feet and it shows in its design. A duck feet has 3 long toes with the web in between and you can see the resemblance in our Stream Paddle! Three ribs, one in the middle and two on the sides, act as the bones and reinforce the blade. The rest of the blades, functions as the webbing in between the toes which push you forward when paddling. This structure is tried and tested through evolution itself, so we can tell you: this works great!

## THAT LITTLE EXTRA

The Stream has a different tip on the paddle and this is done with good reason. When you fully extend your arm, it's harder to pull the paddle towards you. But the closer your arm gets to your body, the more strength you can use. A more narrow tip on the paddle means less surface area which results in less pressure on your arms. But as you pull the paddle closer to your body and the blade goes deeper into the water, more surface area and thus more resistance comes onto the blade. This makes for smoother and more efficient paddling, costing less energy which will help you cover any distance.

# VESTS

# JOBE'S PERFECT FIT

Jobe watersports life vests and buoyancy aid vests have a better fit than ever: Jobe's Perfect Fit. The fit of every Jobe vest is based on scientific research (conducted by TNO, 2015), where people of all sizes and ages were measured and weighted to determine the optimal size for every body type. We took these measures to extend our size range. Every vest is then tested by an official certified institution to make sure it meets the highest quality, comfort and safety standards.

A size for every body!

PERFECT FIT

ATHLETE

Size XS to XL have  
Athlete sizing

## MEN PLUS SIZE

Whether you have an athlete or leisure kind of body type; there's always a vest with the right fit for every man and every body out there. Our + range gives just a bit more room so everyone can find their perfect fit!

The plus sizes XL+ to 3XL+ have extra centimeters added around the waist to create a perfect leisure fit

LEISURE

## WOMEN PLUS SIZE

Plus sizes for Women life vests have a different meaning than the men life vests. To create a perfect fit for our female customer we have minimized the grading between the women vests sizing, this resulted into the plus sizes in the women range to ensure you find your perfectly tailored vest.

EXTRA SIZES

## NEOPRENE MEN

A FAVORITE AMONG WATERSPORTS ENTHUSIASTS

The Neoprene Men vest is a fusion between our old Neoprene vest and Segmented vest. By combining these, we made a new vest, which offers more freedom of movement, a better fit and better performance. This makes our neoprene vest a real “bang for your buck” product, which you won’t find anywhere else!

## MIX & MATCH

We’ve made sure that all of our vests make a perfect match with different types of wetsuits. So you can start mix and matching to your own liking. Moreover, our vests match with our hardgoods: from towables to wakeboards find your perfect match.

# ***WETSUITS***

# FOR ALL WATERSPORTS

With a Jobe wetsuit you can enjoy watersports all year long! The thickness, length, construction and the thermo lining of the suit determines the warmth of a wetsuit. Jobe wetsuits range from 1,5 to 4/3 mm neoprene, so you can hit the water with any temperature.

All Jobe wetsuits have ergonomic panels for optimal freedom of movement and comfort. Perfect for all kind of watersports! On top of that, the collection has fresh colors with bright details that matches with the rest of the Jobe collection.

**MIX AND FIND YOUR PERFECT MATCH!**

## D3O SHINPROTECTOR

When you're out on a jet ski, you need a wetsuit to protect you - aside from keeping you warm. With the innovative panels in our Detroit fullsuit 3/2 mm and Toronto Long John 2 mm you get that extra protection with help of the durable D3O material.

Two separated panels in the knee and shin area have a wide protection range and great comfortability. A strong D3O panel protects the knee and the panel for the shin area is made of D3O LITE and covers a larger surface. D3O LITE is a range of soft, lightweight foams that offer enhanced cushioning and long-term comfort.

## LIMESTONE

At Jobe, we use a Limestone based neoprene, which comes with lots of benefits. It's light, warm, it soaks up less water, has more flex and limestone has better isolation qualities. This offers great freedom of movement for the ultimate watersports experience. On top of that this fabric is more resistant to tearing than traditional wetsuits, so it makes them more durable!

# WHAT WE'RE MADE OF

We demand only the best neoprene for our wetsuits. Neoprene is the most important determinant of stretch and because we believe you should comfortably perform water sports, Jobe wetsuits all have a great level of stretch. Enjoy the comfort and flexibility of how we incorporate stretch in our wetsuits.

## REGULAR STRETCH

- 1. Polyester top layer
- 2. Cr foam for a comfortable feeling
- 3. Polyester bottom layer

## REGULAR STRETCH

## FULL STRETCH

- 1. Polyester top layer for excellent stretch, a smooth feeling and a soft touch
- 2. Scr foam for a comfortable feeling
- 3. Stretch polyester bottom layer

## FULL STRETCH

## SUPREME STRETCH

- 1. Stretch polyester top layer for excellent stretch, a smooth feeling and a soft touch
- 2. Cr foam for a comfortable feeling and extra stretch
- 3. Stretch polyester bottom layer with a thermo finish

## SUPREME STRETCH

# FILLED WITH FEATURES & TECHNIQUES

A wetsuit protects your body and keeps your body warm in the water. Jobe wetsuits are produced from the highest quality neoprene. As a result, the overall level of stretch is much higher than normally used. On top of that all wetsuits are developed with specific ergonomic panels for optimal freedom of movement and comfort in each design. But it doesn't stop there; we also use drainage thermo inner lining in our steamers to keep you optimally warm. This technique quickly drains the cold water and keeps your body heat. Also we have strengthened our seams to ensure durability use.

Discover your perfect Jobe wetsuit that matches the level of stretch and warmth you need!

## CHOOSE YOUR WETSUIT

Choosing your wetsuits is dependent on the water temperature and the type of watersports you want to perform. Wakeboarding or slalom skiing demands a higher level of stretch than laying on a tube. Therefore, you want to look for the level of stretch in a wetsuit. Besides that, a chest zip gives more flexibility to the wetsuit, while a back zip means the wetsuit is easier to put on. Knowing the temperature of the water is very important. Colder temperatures require more high end wetsuits like our steamers that use a lot of techniques to keep you warm. Enjoying a tubing day in the summer? Then look for a shorty wetsuit instead.

4/3MM

### WATER TEMPERATURE

## STITCHING TECHNIQUES

The stitching of the seams is an important determinant of the warmth and flexibility of the wetsuit. Flatlock stitching is most common and it is a super durable technique. Flatlock stitching perforates the neoprene which means water might still enter the wetsuit. Therefore, we use the GBS technique in our high end wetsuits to give extra flexibility and that are meant to keep you warm. GBS stands for glued and blind stitched. The neoprene is first glued and afterwards it's stitched. The stitching is only down half through so it doesn't perforates the neoprene. Water does not enter the wetsuit that way and that is what you want in cold water temperatures.

## CHIPPER

Package 252520002

€ 299,99 • £ 269,99

Package includes rope and handle

## STIMMEL VS. OMNIA

The Stimmel is our classic multi position board with removable surf fins. Its big brother, the Omnia, is produced with the same techniques as our wakeboard collection and has therefore similar great features. The Omnia is lighter, thinner, contains removable footstraps and the board is more playful yet equally strong!

## UNIQUE TOW POINTS AND INTEGRATED SIDE HANDLES

Our unique tow points makes the start so easy! Simply put the handle in the tow point, grab the side handles and the boat pulls you out of the water. Our unique tow points come in 2 different designs. One of the Stimmel & Omnia and one specially for the Chipper!

## ROTOMOLDED VS. COMPRESSION MOLDED

Our Stimmel & Chipper are roto molded which makes both boards super strong and durable. Our Omnia board is compression molded which makes it strong, thin and light resulting in a playful and responsive board.

# ***KNEEBOARDS***

# CHOOSE YOUR KNEEBOARD

## SLASH KNEEBOARD

Teal 252522002 | Lime 252522003 € 169,99 • £ 159,99  
Package € 249,99 • £ 229,99

Package includes transparant kneeboard bag, universal vest, tow hook handle

The Slash is an easy to ride board with a fast learning curve. This board is fast, super playful and its winged outline is great for carving!

## SENTRY KNEEBOARD

Item 252721001 € 189,99 • £ 179,99  
Package 258822006 € 279,99 • £ 259,99

The shape and base of the Sentry has a great forgiving feel, while the twin tip design allows you to play around.

## PROPHECY KNEEBOARD

Item 252321002 € 319,99 • £ 289,99

Your entry way to a wide range of tricks! The Prophecy is a light and stable board that is playful and perfect for tricks.

## SLASH

The Slash features an innovative winged outline that creates one of the most playful kneeboards that we ever had! This special shape gains more speed and effortlessly carves you through the water. It's slashing time!

### EASY START

Both the Slash and Sentry feature an integrated tow hook which make an easy start possible.

### ROTO MOLDED VS COMPRESSION MOLDED

The Slash and Sentry boards have a rotomolded foam injection build, which gives the boards extra buoyancy and durability.

Our Prophecy kneeboard is produced with the same techniques as our wakeboard collection and has therefore similar great features. The high-pressure core is covered in Tri-tech fiberglass to produce a light and thin board ensuring a strong product with the best response and playfulness.

# ***WATERSKI***

# ORIGIN OF JOBE

Back in 1974, pro water-skier Jeff Jobe founded the brand and started developing waterskis with the belief that we can do better, be better and make better products. Fast forward to 2024 and we still believe this to be true and strive to innovate and make the best products on the market.

## TOE STRAP

The extra molded overlay adds more durability which is useful when you let go of your combo ski to continue slalom skiing.

## OUTLINES

Our skis come with a tapered outline, ensuring the best time out on the water! A wide nose which runs narrow towards the tail of the ski give the ski its floating capabilities and make sure the nose of your ski doesn't dive underwater. Add some extra rocker in the nose of your ski and you've got yourself one of the best pieces of watersports gear out there.

## TECHNOLOGY

Our range of skis come with the best tech to ensure the best ride. The outline might give the skis their floatation but the tech on the inside make for the dampening and response. A rim injection combined with metal rods for better response, bright fins for visibility, V-bottom for better traction and that's just the tip of the iceberg!

# ***WAKEBOARDS***

## IT'S ALL ABOUT THE EXPERIENCE!

It's not about the highest jumps, the most spins or double flips... Wakeboarding is about the good times! We're longing for those summer days on the boat with friends. The days where we ride out, push each other and laugh about our fails and cheer when we land something new. It's all about the experience!

# WAKEBOARD CONSTRUCTION

2024 has seen the birth of a next-level generation in our product development. For this year, we raised the bar which resulted in state-of-the-art constructions for the best ride possible.

## HIGH-PRESS CORE

### FUNCTIONAL AND RELIABLE

1. Topsheet
2. Stringer
3. Fiberglass lay-up
4. **High-press core**
5. Fiberglass lay-up
6. Base

### HIGH-PRESS CORE

Foam is a lightweight material which absorbs the blows from a landing and makes for higher jumps due to the reduced weight.

## HYBRID CORE

### THE ULTIMATE MATCH OF FLEX AND STRENGTH

1. Topsheet
2. Stringer
3. Fiberglass lay-up
4. **Hybrid core of wood and PU foam**
5. Fiberglass lay-up
6. Base

### HYBRID CORE

A combination of PU foam and wood core for unmatched performance. This makes for a lightweight board with a nice soft flex, the best of both worlds!

## GLIDE CORE

### STRONG, DURABLE AND FLEXIBLE

1. Topsheet
2. Stringer
3. Fiberglass lay-up
4. **Glide core of wood and PVC**
5. Fiberglass lay-up
6. Base

### GLIDE CORE

The Glide Core is our most high-end core. A mix of wood with PVC make for a stiff board while keeping it extremely light. If you're looking for the best, this is it.

# ROCKERS

## THREE STAGE

Looking for aggressive pop and an easy lock? Three-stage is the way to go. A shape which gives a competitive edge to your board.

## CONTINUOUS

A shape with a more forgiving and relaxed nature. This rocker has a more consistent speed which also results in the fastest shape out there.

## HYBRID

This rocker is the best of both worlds. It combines the speed of a continuous rocker with the aggressive pop of a three stage rocker.

# WAKEBOARD LINE-UP

## VERTEX PRO

GILDE CORE

CONTINUOUS

The Vertex Pro has been designed for the top rider who wants nothing but the best. This board is backed-up with the latest innovations to create our most responsive board ever!

## VERTEX

HIGH-PRESS CORE

CONTINUOUS

The Vertex is the little brother of it's pro version and offers more forgiveness without compromising it's performance. If you're a rider who wants to start stomping pro tricks but don't want to buy top-bill, the Vertex is your weapon of choice.

## BREACH

HYBRID CORE

THREE STAGE

Reinforced with our backbone tech, the Breach is one of the more aggressive boards in the line-up. Made to ride hard and with an insane pop for the advanced rider.

## KNOX

HYBRID CORE

THREE STAGE

The new honeycomb carbon plate underneath the bindings make for a responsive ride! Combine this with a triple concave and channels, making this our best version to date.

## MADDOX JR

HYBRID CORE

THREE STAGE

For the kids who are sending it like adults! Based of our normal Maddox version, this board is perfect for kids who are more advanced and in need of a board that rips.

## MADDOX

HIGH-PRESS CORE

THREE STAGE

Pro rider level, made accessible! Designed for pro riders with deep channels for an unmatched grip but it has the capabilities to help every rider progress.

## PROLIX

HIGH-PRESS CORE

HYBRID

A smooth ride for the intermediate boat rider combining a moderate traction with great control all while it's rolled edges provide durability.

## VANITY

HIGH-PRESS CORE

CONTINUOUS

The Vanity is the board for the intermediate boat rider who wants to progress, it's molded fins make for traction and control while a narrow outline give it responsiveness and speed.

## LOGO SERIES

HIGH-PRESS CORE

THREE STAGE

The logo is the board for making your first turns! It comes with molded fins and a removable center fin for great grip, while using it's double concave for a smooth ride.

# ***WAKESURFERS***

## SUMMER SURF DAYS ARE WHAT IT'S ALL ABOUT!

Jobe wakesurfers are perfect for people who just want to cruise and ride that endless wave, whether you're a beginner or advanced: everyone loves a good surf!

### RAISE CORE

The Raise comes with our EPS lightweight core, which makes it the lightest board in our range. Not only is it lightweight but the Tri-tech Fiberglass adds response to the board, perfect for skim style! As if this wasn't enough both boards are made with 100% solar power.

### LAZE & PACE CORE

The Laze and the Pace both are High Press Fiberglass molded, this creates a board which has a tendency to give a fast response. This makes these board durable and perfect for a wakesurf style rider to add on top of that; both boards are made with a 100% solar power!

# RADDIX

WAKESURFING MADE ACCESSIBLE.

## X-STITCHING

Our industry leading X-stitching construction offers the lightest and stiffest board possible by crossing the nylon threads instead of a regular dropdown stitching.

## HEAT BONDED TECHNOLOGY

30% more stiffness and 25% less weight! By heat molding our 2 PVC layers as one, you get the lightest, stiffest and most durable product possible.

## FULL EVA DECKPAD

An EVA deckpad which covers the full board for plenty of grip! Add a kicktail to the back of the board and you are set.

## 4.7" EZ-LOCK FINS

This board comes with our highly coveted EZ-Lock Fin system. It makes installing your fin setup fast and easy but most importantly; it secures the fin. Ensuring a tight fit for great response!

## WAKE SHAPER

Our Push wakeshaper has been making waves (literally)! By attaching this wakeshaper to the side of your boat, you create the perfect wakesurf wave. This shaper pushes the water to the side, resulting in a better wave. But we didn't stop there; to make wakesurfing more accessible, we created the Raddix! Combine this inflatable wakesurfer with our Push Wakeshaper and you have a set which opens up a whole new world for wakesurfing.

### 1. ATTACH TO YOUR BOAT

### 2. THE ULTIMATE WAKESURF WAVE

# A SNEAKER READY FOR WATER ADVENTURES

Our brand new sneaker has been tried and tested behind the scenes for years. A shoe which has been out on SUP tours, spent countless hours on deck, has been in and out of the water more times than we can count. It's safe to say that we've gone above and beyond to ensure the best watersports sneaker out there!

Time to take that SUP tour, jump of deck, play in the sand, wander and wonder or take a spin on that jet ski but most importantly; take these sneakers along for the ride!

## NEW & IMPROVED

We've been making watersports sneakers for some time now but this version is something else! A fully patented and redesigned sole makes for perfect water drainage, and a fully renewed upper gives you all you need for every kind of water adventure. From our comfortable quick-dry material to an easy-to-use lacing system which will get you set in no time.

## THIS SNEAKER IS IN A LEAGUE OF ITS OWN.
